NARRATIVE

V1 and V2 were on the off ramp from eastbound Interstate 4 to travel eastbound on W Lake Mary Blvd. V1 was in the inside right turn lane to travel eastbound on W Lake Mary Blvd. V2 was in the outside right turn lane to also travel eastbound on W Lake Mary Blvd. Upon the light turning green, both vehicles began to turn right on to W Lake Mary Blvd to travel east. V1 (a semi-truck with a trailer), began the right turn and the trailer tracked over into the outside right turn lane that V2 was occupying. The rear trailer tires struck and damage the front driver's side corner panel of V2 causing non-disabling damage. The right rear trailer tire of V1 had several sections of rubber missing from the sidewall indicating where the impact from the crash took place. W1 and W2 both provided similar statements as to what took place prior to and during the vehicle crash. They each indicated the trailer being pulled by V1 entered into the lane V2 was traveling in and the right rear trailer tires struck and damaged the driver side corner panel of V2. W1 and W2 also indicated D1 of V1 appeared to be unaware of the damage that had just occurred, and subsequently contacted law enforcement with the use of 911 to get him to stop. Neither vehicle required the assistance of a tow truck to depart the area. Lake Mary Fire Department responded to the scene of the crash and medically evaluated D2 from V2. D2 was not transported to the hospital after being medically evaluated. D1 of V1 was found to be the at fault driver at the conclusion of the traffic crash investigation. D1 was issued UTC (AF6PX1E) for careless driving.
